Sara Dora, DO receives board certification in
Hospice and Palliative Medicine

Harbor Hospice is pleased to announce that Sara Dora, DO, Hospice Physician, has received board certification in Hospice and Palliative Medicine through the American Board of Emergency Medicine. Prior to joining Harbor Hospice in 2006, Dr. Dora practiced as an emergency department physician for 28 years.

In her position at Harbor Hospice, Dr. Dora provides medical care to hospice patients living at home, in residential facilities and at the Harbor Hospice Poppen Residence. "Physicians who are certified in Hospice and Palliative Medicine are formalizing their commitment to providing high quality care in assessing and managing pain and other symptoms for patients coping with life-limiting illnesses" said Mary Anne Gorman, Harbor Hospice Executive Director. "As we expand our community palliative care services to care for patients upstream from hospice – those with chronic, progressive, life-limiting illnesses – we're delighted that Dr. Dora has joined our medical director, Dr. Gerald Harriman, in achieving this distinction."
